

CHINHOYI UNIVERSITY OF TECHNOLOGY

August 2019 INTAKE

Applicants are invited from suitably qualified candidates for admission into the following post graduate programme:

MASTER OF SCIENCE IN PHARMACEUTICAL BIOTECHNOLOGY

Background: This programme is designed to advance the technical knowledge and perspectives required for the development, production and regulation of biopharmaceuticals and related technologies. The course has been approved by the Zimbabwe Council for Higher Education (ZIMCHE).

Entry qualifications:- An honours degree programme in biotechnology, pharmacy, medicine, biology, biochemistry, chemistry, veterinary science or any other relevant degree.

Course duration: Two (2) years block-release. The programme comprises two (2) taught Semesters followed by a Dissertation.

Venue: Lectures and practicals will mainly be held in Harare at AIBST

Scope of training: The course will cover key modules that include: Biopharmaceutical Drug Development, Production of Biopharmaceuticals, Regulation of Biopharmaceuticals & Ethics, Pharmaceutical Diagnostics, Genetic & Cellular Engineering, Pharmaceutical Nanotechnology and Bioinformatics.

Career prospects: Graduates may be Research & Development Scientists, Production Scientists, Regulators, Quality Managers in biopharmaceutical industries or research institutions. Graduates may also be entrepreneurs involved in development of biopharmaceuticals for technology licensing or new company formation through technology

transfer processes. They can also be involved in Consultancy work to provide specialised services such as clinical trials, data analysis, scientific investigations, contract product development or development of diagnostic biopharmaceutical kits and services for treatment purposes.

Fees: A fee of RTGS \$3135 per semester is required and can be paid in three equal instalments.
